Career Objective

I am a B.Tech Cyber Security student with a strong interest in problem solving and secure systems. I enjoy working with Data Structures and Algorithms and coding in C++. I am looking for an opportunity where I can learn, grow, and contribute my skills in building secure and efficient software.

Education

Degree: B.Tech in Cyber Security and Digital Forensics

College/University: VIT Bhopal University

Year of Graduation: 2027

CGPA/Percentage: 8.2

Technical Skills

Programming Languages: C++(Advanced – DSA , STL , OOP), Python, Java, SQL

Tools/Technologies: C++, Data Structures and Algorithms, Linux, Wireshark, MySQL, VS Code

Other Skills: Problem Solving, Teamwork, Team management, Adaptability, Quick Learner

Online Internships / Training Program

Company Name: IBM – Adroit Technologies (Online Training Program)

Duration: 2 months

- Completed structured training in cybersecurity concepts and security practices.
- Attended daily technical sessions and hands-on learning modules.
- Successfully cleared the final assessment.

Academic and Technical Strengths

-
- Solved 200+ DSA problems on coding platforms.
 - Regularly practice problem-solving and competitive programming.
 - Recognized for consistent academic performance in core subjects.

Certifications

-
- Blockchain and its Applications (NPTEL)
 - IBM (CECSA1IN Certification)
 - Python Certification
 - Microsoft MSC-900 (Security, Compliance & Identity Fundamentals).
 - Coursera Certificate.(The Bits and Bytes of Computer Networking)
 - Programming in Java Certification
 - Google IT Support Professional Certificate
